PRELICENSURE CONSENT ORDER

WHEREAS, Noah Mourning, III of Denver, Colorado (hereinafter "respondent") has applied for licensure to practice as a hairdresser/cosmetician by the Department of Public Health (hereinafter "the Department") pursuant to Chapter 387 of the General Statutes of Connecticut, as amended; and,

WHEREAS, respondent agrees that:

1. The Department has at no time issued respondent a license to practice the occupation of hairdressing/cosmetology under the General Statutes of Connecticut, Chapter 387.
2. Between 1989 and 1998, respondent was found guilty of multiple felony convictions, including possession of narcotics, possession of drug paraphernalia, and burglary 3rd degree.
3. Between 1985 and 1997, respondent abused or excessively used drugs.
4. The conduct described above constitutes grounds for the denial of respondent's application for licensure pursuant to §19a-14 of the General Statutes of Connecticut.

NOW THEREFORE, pursuant to §19a-14 of the General Statutes of Connecticut, respondent hereby stipulates and agrees to the following:

1. Respondent waives the right to a hearing on the merits of his application for licensure.

2. After satisfying the requirements for licensure as a hairdresser/cosmetician as set forth in Chapter 387 of the General Statutes of Connecticut, respondent's license to practice as a hairdresser/cosmetician will be issued.
3. Respondent's license to practice as a hairdresser/cosmetician in the State of Connecticut shall be placed on probation for a period of two (2) years, beginning on the date he commences practice in this State, and shall be under the following terms and conditions:
 - a) Respondent shall provide the Department with immediate notification upon his employment as a hairdresser/cosmetician in the State of Connecticut.
 - b) Respondent shall refrain from the ingestion of alcohol in any form and the ingestion, inhalation, injection or other use of any controlled substance and/or legend drug unless prescribed or recommended for a legitimate therapeutic purpose by a licensed health care professional authorized to prescribe medications. In the event a medical condition arises requiring treatment utilizing controlled substances, legend drugs, or alcohol in any form, respondent shall notify the Department and, upon request, provide such written documentation of the treatment as is deemed necessary by the Department.
 - i) During the first year of the probationary period, respondent shall submit to monthly random observed urine screens for alcohol, controlled substances, and legend drugs; during the second year, he shall submit to such screens on a quarterly basis. Respondent shall submit to such screens on a more frequent basis if requested to do so by the Department. Said screens shall be administered by a facility approved by the Department. All such random screens shall be legally defensible in that the specimen donor and

chain of custody shall be identified throughout the screening process. All laboratory reports shall state that the chain of custody procedure has been followed.

- ii) Respondent shall cause to have the facility provide monthly reports to the Department on the urine screens for alcohol, controlled substances and legend drugs. All such screens shall be negative for alcohol, controlled substances, and legend drugs, except for medications prescribed by respondent's physician. If respondent has a positive urine screen, the facility shall immediately notify the Department. All positive random drug and alcohol screens shall be confirmed by gas chromatograph/mass spectrometer testing.
- iii) Respondent understands and agrees that if he fails to submit a urine sample when requested by his monitor, such missed screen shall be deemed a positive screen.
- iv) Respondent shall notify each of his health care professionals of all medications prescribed for him by any and all other health care professionals.
- v) Respondent is hereby advised that the ingestion of poppy seeds and mouthwash has from time to time, been raised as a defense to a positive screen result for morphine, opiates and/or alcohol. For that reason, respondent agrees to refrain from ingesting poppy seeds in any food substances, and mouthwash during the term of this Consent Order. In the event respondent has a positive screen for morphine, opiates and/or

alcohol, respondent agrees that the ingestion of poppy seeds and/or mouthwash shall not constitute a defense to such a screen.

- c) Respondent shall attend "anonymous" or support group meetings on an average of eight times per month, and shall provide monthly reports to the Department concerning his record of attendance.
- d) During the period of probation, respondent shall report to the Department any subsequent arrest(s). Such report shall occur within fifteen (15) days of such event.
- e) Respondent shall provide his employer and/or designated supervisor at each place where respondent practices as a hairdresser/cosmetician throughout the probationary period with a copy of this Consent Order within fifteen (15) days of its effective date, or within fifteen (15) days of commencement of employment at a new facility. Respondent agrees to provide reports from such employer on a quarterly basis for the entire probationary period, stating that respondent is practicing with reasonable skill and safety and in an alcohol and substance-free state. If respondent is not practicing with reasonable skill and safety and/or in an alcohol and substance-free state, the employer or designated supervisor shall immediately notify the Department.
- f) If applicable, respondent shall provide a copy of this Consent Order to his probation officer. Said probation officer shall furnish written confirmation to the Department of his/her receipt of a copy of this Consent Order within fifteen (15) days of respondent's employment in Connecticut. Said probation officer shall

notify the Department immediately if respondent falls out of compliance with the terms of probation or any subsequent arrest(s).

4. Respondent shall comply with all state and federal statutes and regulations applicable to his license.
5. Respondent shall notify the Department of any change(s) in his employment within fifteen (15) days of such change.
6. Respondent shall notify the Department of any change(s) in his home and/or business address within fifteen (15) days of such change.
7. Any deviation from the term(s) of this Prelicensure Consent Order without prior written approval of the Department shall constitute a violation. A violation of any term(s) of this Prelicensure Consent Order shall result in the right of the Department in its discretion to immediately deem respondent's hairdressing/cosmetology license rescinded. Any extension of time or grace period for reporting granted by the Department shall not be a waiver or preclude the Department's right to take action at a later time. The Department shall not be required to grant future extensions of time or grace periods. Notice of the rescission of the license shall be sent by the Department to respondent's address of record. Respondent waives any right to a hearing on the issue of violation of the terms of this Prelicensure Consent Order.
8. That correspondence and reports required by the terms of this Prelicensure Consent Order are to be addressed to:
